CUSTOM COFFEE CUPS

CHOOSE YOUR CUP. CHOOSE YOUR COATING. BRAND IT YOUR WAY.

High-quality bamboo fibre coffee cups customised with your branding. Choose single wall or double wall construction with PE or aqueous coating to suit your needs and preferred end-of-life pathway.

CUSTOMISE YOUR COFFEE CUPS

1 CHOOSE YOUR CUP

SINGLE WALL

Lightweight and economical. Perfect for everyday coffee on the go.

DOUBLE WALL

Extra insulation keeps coffee hot longer and the cup comfortable to hold.

2 CHOOSE YOUR COATING

PE COATING

Polyethylene (PE) coating provides an effective moisture and heat barrier.

POTENTIAL END-OF-LIFE:
Specialised recycling where available.

AQUEOUS COATING

Water-based coating provides a barrier without a PE plastic lining.

POTENTIAL END-OF-LIFE:
Home or commercial composting where certified and accepted.

3 BRAND IT YOUR WAY

High-quality printing options for your logo, artwork and colours.

Make your brand stand out with coffee cups that speak for you.

★ MINIMUM ORDERS APPLY FOR BRANDED CUPS

Minimum order quantities apply for custom printed coffee cups. Contact us for details based on your selected size, cup style and coating.

BAMBOO FIBRE
Made from rapidly renewable bamboo fibre.

STRONG & DURABLE
Designed for hot drinks with excellent performance.

KEEPS COFFEE HOTTER
Double wall insulation helps maintain temperature longer.

PERFECT FOR
Cafés, coffee vans, events, offices and takeaway stores.

BETTER CHOICE
Bamboo fibre is a natural alternative to traditional paper.

END-OF-LIFE GUIDE

PE COATING

Specialised recycling where available

AQUEOUS COATING

Home or commercial composting (where certified and accepted)

The actual end-of-life outcome depends on the product certification and local collection and processing infrastructure.
